MARKET INTERPRETATION

The real estate market in Beaconsfield (Sherwood) is currently in a balanced market, with a slight advantage for buyers based on current supply levels relative to sales activity. With approximately 5.7 months of inventory and an average selling time of 58 days, buyers benefit from increased choice and negotiating leverage, while sellers may experience longer selling periods than in a seller's market. During the 12-month period ending May 31, 2026, a total of 69 homes sold, while the median sale price reached \$1,130,000, representing a 1.7% decrease compared to the preceding 12-month period. Although current market conditions slightly favour buyers, accurate pricing and effective property presentation remain important factors in attracting qualified purchasers and achieving optimal results.

Sincerely,
